

**D.S.T. (Delta Safety Tips)  
Emergency Response Team**

**October-  
Halloween  
Safety  
Month**

## **WHY HALLOWEEN SAFETY MONTH IS IMPORTANT**

### **Road accidents increase during Halloween**

- **Kids, in their excitement, tend to get careless while crossing streets. Therefore, it is important for parents to teach their children basic road rules before they step out for trick-or-treating. Motorists should also take extra precautions on Halloween**

### **There's a high risk of fire accidents during Halloween parties**

- **There's always a high risk of fire accidents during Halloween parties. Therefore, it is utmost important that you make sure that the costumes bought for Halloween are made of high-quality, fire-resistant material.**

### **Candies may not be safe**

- **Candies must be properly inspected before they are handed over to the children.**

## **TIPS FOR A SAFE HALLOWEEN**

- **Keep toxins out of costumes, it all starts when we get our little ones dressed.**
- **Plan your night ahead.**
- **Wear bright colors and/or add reflective tape to costumes.**
- **Accompany small children all the way to the doors.**
- **Always check candy before eating it.**
